Federica Stolf

University of Padova Department of Statistical Sciences via Cesare Battisti, 241-243 35121 Padova, Italy.

e-mail: federica.stolf@phd.unipd.it

Current position

PhD student in Statistics (October 2021 - ongoing) Department of Statistical Science, University of Padova

Eduation

Master's Degree in Statistics (10/2019 – 09/2021) Department of Statistical Science, University of Padova

Thesis title: "Bayesian hierarchical models for spatial extreme values"

Supervisor: Prof. Antonio Canale Final mark: 110/110 cum laude

Bachelor's Degree in Statistics for Technology and Sciences (10/2016–07/2019)

Department of Statistical Science, University of Padova Thesis title: "Quantile regression for solar power forecasting"

Supervisor: Prof. Antonio Canale Final mark: 110/110 cum laude

Work experience

Research support activities (03/2021-05/2021)

Department of Statistical Science, University of Padova

Implementation in R of algorithms for classification and regression with advanced

non parametric models

Supervisor: Prof. Bruno Scarpa

Data scientist intern at Horsa, Vicenza (09/2019 – 12/2019)

Research interests

- Bayesian modeling
- Applied statistics
- Computational methods

Publications

- Stolf, F. and Canale, A. (2022) Bayesian spatial modeling of extreme precipitation, in *Proceedings of the 36th International Workshop on Statistical Modelling*, ISBN: 9788855113090.
- Stolf, F. and Canale, A. (2022). A hierarchical Bayesian non-asymptotic extreme value model for spatial data. arXiv:2205.01499.

Awards

- Young researcher travel award, ISBA 2022
- Mille e una Lode Award 2018/2019, scholarship awarded to the best 1000 students of the University of Padova

Conference presentations

- Poster presentation: "A hierarchical Bayesian non-asymptotic extreme value model for spatial data"; ISBA 2022, Montreal, Canada (Jun-2022).
- Poster presentation: "Bayesian spatial modeling of extreme precipitation";
 IWSM 2022, Trieste, Italy (Jul-2022).

Teaching experience

(10/2019-06/2021) Tutor: lectures and exercises for the courses of Statistics (Advanced) and Mathematical Analysis 1. University of Padova.

Computer skills

• Languages: R (advanced), Python (intermediate);

 \bullet Other: Latex (advanced), GitHub (basic).

Languages

Italian (native); English (fluent)
